AMENDMENT INFORMATION

Amendment Type: New Project
Amendment Date: 09/10/2024
Amendment Number: 000
Proposal Number: 2427549
Amendment Description:

The National Science Foundation hereby awards a Standard Grant for support of the

project described in the proposal referenced above as modified by revised budget dated 07/26/2024.

Funds provided for participant support may not be diverted by the awardee to other categories of expense without the prior written approval of the cognizant NSF Program Officer. Since participant support cost is not a normal account classification, the awardee organization must be able to separately identify participant support costs. It is highly recommended that separate accounts, sub-accounts, sub-task, or sub-ledgers be established to accumulate these costs. The awardee should have written policies and procedures to segregate participant support costs.

The Foundation authorizes the awardee to enter into the proposed subaward arrangement. The subaward agreement should contain appropriate provisions in accordance with the award terms and conditions in effect at the time of this award amendment, and contain any special conditions included in this award.
