

Issued award amendment

Amendment 01 | December 15, 2026

FICTIONAL TRAINING RECORD - NOT A REAL AWARD

Award ID	RSP-2026-042
Project Title	River Sensor Reliability Pilot
Principal Investigator	Dr. Nia Patel
Additional Funds Obligated	\$70,000
Revised Funds Obligated to Date	\$250,000
Approved Project Ceiling	\$600,000
Revised Project End Date	March 31, 2029
Status	Issued for this synthetic assignment

What this amendment changes

The additional \$70,000 raises funds obligated to date from \$180,000 to \$250,000. The project end date changes from September 30, 2028 to March 31, 2029. The approved project ceiling remains \$600,000. The project title and Principal Investigator remain unchanged.

Required internal review

The research-office owner checks this amendment and the original award before accepting an internal routing memo. The memo must distinguish available obligated funds from the planned ceiling and cite both exact source records.

Use and access limits

Use these fictional documents only in the learner-owned training space. Any certification handoff is a private rehearsal visible only to the enrolled learner. Neither certification completion nor this amendment grants authority to submit to a sponsor, share with everyone, enable an automation or claim staff approval.
