Funding boundary

The approved project ceiling describes the maximum planned award. Only funds expressly obligated in an issued notice are available. Future increments are not guaranteed. Do not report the project ceiling as funds obligated to date.

Reporting boundary

Prepare an internal routing memo for the research office. This notice does not authorize sponsor submission, external delivery or broad workspace sharing.

Record authority

This initial notice is issued for the stated award. A later issued amendment may change specific fields; retain this notice and identify the amendment used. An unissued proposal or agent summary does not supersede the record.
